She shares her vast knowledge and talents by conducting workshops and seminars at Spiritual Conferences, Holistic Expos, Fairs, community colleges, bookstores, and libraries throughout the USA, most of which are highly attended with sell-out audiences. She is Host of her own radio show on Achieve Radio - "*The All Spirit Driven Show*" – one of the largest worldwide Internet radio stations. With a degree in Interior Design, and through her 35 years of color experience as a designer and an Intuitive Spirit Medium and Healer, Cheryln has learned the full connection of it ALL. She is completing her 2nd book on Color, Chakras & Aura Healing, in addition to working on her fifth vocal album.

At the Age of 6 years old, Cheryln knew she was different from others in her family. She came from a fundamentalist Christian household in Kansas City Missouri and had loving and supportive parents and two brothers. In the Midwest (the Bible-belt area), seeing spirits was not readily acceptable, so she ignored her abilities until she was an adult. She had the ability to see, hear, smell, feel and know the Angels and Spirits were around her. She could see Colors, Auras, Chakras, Meridian Lines and the Matrix within the human bodies.

During the first part of her life, Cheryln became a professional business woman, learning all there was to know about color and design. She is single and never had any children. Her focus has been on helping people in many different ways to achieve what they desired and also where they wanted to go in Life. Cheryln has received many personal rewards for the help and assistance she has given others.

In 1981, a soul-searching one-month vacation trip and personal mission took Cheryln from the East Coast to the West Coast of the US looking for that perfect dwelling for business, health and climate. She knew there was something special that she was destined to do and needed to find out what that was. Her trip took her from Missouri to Florida to California and through the southwestern part of the United States. Among the Arizona mountains, deserts, native American tribes, and Spiritual Grounds of this beautiful state, she discovered her Comfort and Oneness

with GOD, the Creator. Native American flute music captivated Cheryln's heart and drew her to settle in Phoenix, where she resides today with *Wilbur* (a 29 year old ring-neck turtle dove).

Her life in Phoenix took an abrupt turn towards Spirituality. She found her true talents as a Medium-Psychic, Healer, Writer, Musician and Speaker/ Trainer. The Colors that she had been seeing her whole life were now explained through her eyes as an Interior Designer and an Intuitive Spirit Medium. The connections she had made all of her life with the Spirit World, GOD and Angels were now even more comfortable, inevitable and natural to her than ever. She also realized that there were many more people like her in the Southwest area that had some of the same paranormal happenings that she had experienced throughout her life. She was never afraid of any of the occurrences that she had experienced. Since it had all come so easily for Cheryln, she just had to learn how to protect herself and also how to accept and work with her talents and abilities.

So, with more than 30 years of experience with the paranormal and realizing that many of the experiences and stories to be told are beautiful and are NOT to FEAR ( **F**alse **E**vidence **A**ppearing **R**eal ). Many of the TV Shows and stories we enjoy might be somewhat sensationalized to draw higher ratings; but, Cheryln tells it like it is and truly has the Gift of Mediumship, Healing and Prophecy. She totally encourages others to find their own gifts through their experiences, education, talents and travels during their journey of life. Do NOT try to be like anyone else; but, just BE what you came here to be and to do. Just Let Go - Let GOD and Angles lead the Way! You will NEVER be sorry.
